Members from the PPIHC staff will reach out directly to competitors to gather information for the 2019 program, to include social media handles and sponsors. The exact information you submit, including sponsor information, is transferred directly to the 2019 Race Program. Please double-check grammar and spelling.

The ideal size of the photo is 5" x 7" with a resolution of at least 360 X 504 pixels. Lower resolution images will appear blurry in the race program.
