

005 - 2020 PPIHC Competitor Patch Information

Posted Online: November 7, 2019

Last Updated: November 7, 2019

(Subject to Change)

The current Official Event Patch (mailed to each competitor in the 2020 Acceptance Packet) must be displayed on the upper left breast portion of the competitor's suit, outer racing garment and/or protective gear. No other patches will be displayed on that portion of the competitor's suit except as approved by the Director of Competition.

The patch must be adhered or sewn in a reliable, professional manner and must be displayed at all times racing gear is worn on the mountain. No additional patches will be distributed during the registration process. It is the competitor's responsibility to ensure the Official Event Patch is appropriately displayed prior to Race Week.

If you prefer to embroider the patch image onto your suit, contact Josh at josh@ppihc.org for the EPS file.

If you have more than one suit, each will need to have a patch; this will be checked at Tech Inspection, where you are required to provide all suits you plan to wear throughout the week.

This is mandatory per the 2020 Rule Book (Section 100 – Car Safety and Construction, Rule 113). You may be fined if your patch is in the improper place or not present at any time during Race Week; Practice, Qualifying and/or Race Day.
